

Guide to Obtaining your eBay Account Keys and Token

Canvas2u (like other 3rd party tools that access you eBay account) needs to be granted your permission you do this.

It's important to note that at no time does eBay share your password.

You must first register as an 'eBay developer.' This is free and only takes 5 minutes. Once registered you will be provided with 4 pieces of information:

DEVID, AppID, CertID and Token.

Please follow the instructions below:

1. Visit the URL: <http://go.developer.ebay.com/>

You will see the page below. Click 'Register'

The screenshot shows the eBay Developers Program homepage. At the top left is the eBay logo followed by 'developers program'. To the right is a search bar. Below the logo is a navigation menu with links for Home, Products, Documentation & Tools, Forums & Support, and Programs & News. The main content area features a blue background with the heading 'Tap into eBay Today' and a sub-heading 'eBay's powerful suite of web services can help individual developers as well as enterprise-sized businesses to tap into the global marketplace.' Below this is a blue button labeled 'eBay Developer Login' and a link 'Don't have an account? Register'. A red circle highlights the 'eBay Developer Login' button and the 'Register' link. On the right side, there are two panels: 'eBay Developer Product Updates' with a red arrow icon and a 'Get Product Updates' button, and 'Useful Tools' with a green wrench icon and links for Developer Sandbox, Knowledge Base, Development Tools, and Support Request.

2. You will go to the Registration Page as shown below. Please complete the necessary details.
